
CANDLES — LIGHT THE FUTURE

Official Whitepaper

1. Introduction

In a crowded crypto space filled with noise, hype, and uncertainty, CandleFi rises as a beacon of light — a meme coin powered by purpose, community, and hope.

CandleFi represents:

- Illumination in dark markets
- Direction in confusion
- Unity in a space that often thrives on chaos

The project was born from a simple idea:

A single flame can spark a movement — but a community of flames can light up the world.

CandleFi brings positivity, stability, and collective empowerment into Web3 through a fun, accessible, and symbolic token that anyone can embrace.

2. Vision & Mission

Vision

To create a global movement where millions hold a digital flame — a symbol of guidance, community, and financial empowerment.

Mission

- Bring meaningful storytelling back to meme coins
 - Foster an active, supportive, and glowing community
 - Leverage the CandleFi brand to drive viral impact
 - Build long-term value through intentional tokenomics and transparent development
-

3. The CandleFi Identity

CandleFi revolves around four core themes:

- **Light** — hope during fear
- **Warmth** — unity during volatility
- **Direction** — clarity when charts go dark
- **Community** — thousands of flames shining together

Every CandleFi holder becomes a **Flame Bearer**, contributing to a powerful collective glow across the ecosystem.

5. Tokenomics Distribution

Total Supply: 100,000,000 \$CAN

CandleFi's tokenomics are designed to promote sustainability, scarcity, community impact, and long-term value creation.

Allocation	%
Charity	10%
Liquidity	30%
Team & Advisors	5%
Marketing & Partnerships	15%
Reserve & Development	10%
Burn 🔥	30%
Total	100% ✅

Key Highlights

- **30% Burn 🔥** ensures strong deflationary pressure and long-term scarcity
 - **30% Liquidity** provides healthy price stability
 - **10% Charity** reinforces CandleFi's mission of hope and global impact
 - **Locked and transparent allocations** build trust and longevity
-

6. Transaction Tax & Fee Allocation

CandleFi implements a fixed **5% transaction tax** on all buy and sell transactions to support sustainable growth.

Tax Breakdown (5%)

- **1% Liquidity** – Strengthens liquidity and price stability
 - **1% Operations** – Development, infrastructure, audits
 - **1% Charity** – Verified social impact initiatives
 - **2% Marketing** – Brand expansion and community growth
-

7. Security & Transparency

CandleFi prioritizes trust and clarity through:

- Planned smart contract audit
 - Liquidity lock at launch
 - Transparent token allocations
-

8. Community

CandleFi is powered by **The Flame Bearers** — a global network united by light, unity, and shared purpose.

The community thrives on:

- Engagement
- Storytelling
- Memes
- Collaboration
- Collective growth

In CandleFi, holders are not spectators — **they are the light.**

10. Conclusion

CandleFi is more than a meme coin.

It is a symbol.

It is a movement.

As markets rise and fall, as charts brighten and dim, CandleFi stands for resilience — a digital flame that refuses to go out.
